**SirsiDynix Announces Release of SirsiDynix Symphony e-Library*****Enhanced OPAC Brings Fast, Easy and Flexible Benefits to Libraries and Patrons***

**PROVO, UT, August 27, 2008** – SirsiDynix, the global leader in strategic technology solutions for libraries, today announced the release of SirsiDynix Symphony e-Library,™ an enhanced online library catalog solution that offers the speed, ease and flexibility librarians have requested. The product runs on SirsiDynix Symphony 3.2.1; its predecessor, iBistro, is currently in use at 900 libraries worldwide.

SirsiDynix Symphony e-Library makes life easier for libraries and patrons because this powerful yet simple solution is:

- **Smooth:** With the same look and feel as SirsiDynix Enterprise™, users enjoy seamless transition among products.
- **Flexible:** Use of standard Cascading Style Sheets (CSS) gives libraries a fully featured default interface and ease of customer configuration.
- **Fast:** The streamlined interface focuses on high speed search and retrieval
- **Easy:** The updated “My Account” features a new intuitive interface to engage patrons as they view holds, renew materials, check for library alerts and complete other interactions with their Library.
- **Secure:** New e-Commerce options provide users with additional secure ways to review and pay library fees.

“Our customers desire the flexibility of creating their own look and feel, providing state-of-the-art e-Commerce and account features, and streamlining interfaces for a better user experience,” said Jared Oates, SirsiDynix Product Manager. “SirsiDynix is pleased to fill these needs with the new SirsiDynix Symphony e-Library product. We are especially pleased that SirsiDynix Symphony e-Library included the features we promised and released on-time, further underscoring our commitment to serve our customers.”

According to Talin Bingham, SirsiDynix Chief Technology Officer, “Providing the features librarians need and delivering the best user experience worldwide are SirsiDynix’s highest priorities. The SirsiDynix Symphony e-Library product contains library-requested enhancements and features that will offer an engaging user experience. Future enhancements are in development and promise even greater innovation and flexibility.”
