FOR IMMEDIATE RELEASE:

SirsiDynix Awarded a Seat on the YPO Software Application Solutions Framework

February 21, 2023, LEHI, UT, and WATFORD, UK—SirsiDynix is pleased to announce that it has been awarded a seat on the YPO Software Application Solutions Framework (1095) - Lot 7 Library Management.

This framework is for the provision of software application solutions, and has been designed to meet the needs of all public sector organisations, including Local Authorities, Education, Housing, Charities, Central Government, Emergency Service, and NHS Establishments. The framework's simplified lot structure allows for purchase based on solutions and outcomes. The framework includes direct award and the option to carry out further competition.

Lot 7 is for the provision of software and systems to manage and automate a library environment of any size and includes all applications, services, and hosting requirements.

SirsiDynix CEO Bill Davison says, "We are delighted to be featured on the new YPO Software Application Solutions Framework. We realise the importance of such a framework to provide prospective and current customers a simplified and cost-effective method for purchasing library solutions that meet their needs."

About YPO

YPO supplies products and services to a wide range of customers including schools, local authorities, charities, emergency services, public sector and other businesses such as nurseries and care homes. YPO are 100% publicly owned, by 13 local authorities, which means profits are returned to public sector customers, delivering even better value for money.
