June 25, 2026, LEHI, UT—SirsiDynix, a leading provider of library technology solutions, is pleased to announce that they will exhibit at the 2026 ALA Annual Conference & Exhibition in Chicago this Friday, June 26, through Monday, June 29.

After an exciting first half of 2026 that included the announcement of a [strategic alliance with Springshare](#) and new partnerships with [the Libraries Board of South Australia \(LibrariesSA\)](#) and [the City of Irvine Public Library System](#), SirsiDynix is looking forward to connecting with library professionals around the world and discussing both recent milestones and their vision for the future.

To learn more about the products and services listed below—and see firsthand how they can enrich the staff and patron experiences, SirsiDynix encourages attendees to visit booth #5020.

- **BLUEcloud Circulation:** A comprehensive web-based circulation solution that manages all daily circulation routines, including check-ins, checkouts, and holds.
- **BLUEcloud Discovery:** A forthcoming discovery solution that elevates the user search experience, streamlines administrative workflows, and helps libraries take charge of discovery like never before.
- **BLUEcloud Mobile2:** A next-generation mobile discovery application that provides patrons with effortless access to your library's materials, anytime, anywhere.
- **CloudSource:** A revolutionary content and discovery services platform that unites the global body of OA materials with one billion licensed and on-demand resources. [Reserve a live demo on June 27, June 28, or June 29 here.](#)
- **OSAS:** A first-of-its-kind service that supports libraries in tackling routine to-do list items and spending more time connecting with patrons and uplifting their communities.

About SirsiDynix

SirsiDynix believes in the power of libraries. Transforming and shaping their communities every day, that power inspires us to connect people with knowledge at more than 20,000 libraries worldwide. SirsiDynix technology combines relevant resources with the Best Library User Experience (BLUE). With our Best-of-Breed

approach, SirsiDynix gives libraries the greatest and most expansive range of options for their software. Complemented by the most experienced training, consulting, and support staff in the industry, SirsiDynix helps libraries to reach their highest potential while serving their communities.
